	Time Log		Comments		
	Time data ar	e entered for all process steps.	Comments		
	Time data are	s are sequenced appropriately.	Comments		
ξ	Time data are Process step Time data are	·	Comments		
ξ	Time data are Process step Time data are step.	e entered against the appropriate process	Comments		
ξ	Time data and Process step Time data and step. Interrupt time	e entered appropriately. e entered against the appropriate process e is tracked appropriately.	Comments		
ξ	Time data and Process step Time data and step. Interrupt time Time data and Time data	e is tracked appropriately. e complete and reasonable.	Comments		
ξ	Time data and Process step Time data and step. Interrupt time Time data and Time data	e entered appropriately. e entered against the appropriate process e is tracked appropriately.	Comments		
	Time data are Process step Time data are step. Interrupt time Time data are Times were represented to the Defect Log	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done.	Comments		
ξ	Time data and Process step Time data and step. Interrupt time Time data and Times were represented to the Times were represent	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. recorded as the work was done. has all required data.			
	Time data and Process step Time data and step. Interrupt time Time data and Times were represented to the Times were represent	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done.			
ξ	Time data are Process step Time data are step. Interrupt time Time data are Times were reported to the process of the process	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. recorded as the work was done. has all required data.			
<u>د</u>	Time data are Process step Time data are step. Interrupt time Time data are Times were reported by the	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed. has a fix time. eted in compile and test have fix numbers.			
يى يى	Time data are Process step Time data are step. Interrupt time Time data are Times were reported by the	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. recorded as the work was done. has all required data. e injected before removed. has a fix time.			
ين ين ين	Time data are Process step Time data are step. Interrupt time Time data are Times were reported by the Time data are Times were reported by the Times were r	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. ecorded as the work was done. has all required data. e injected before removed. has a fix time. eted in compile and test have fix numbers.			
20 20 20 20 20 20 20 20 20 20 20 20 20 2	Time data are Process step Time data are step. Interrupt time Time data are Times were reported by the	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. recorded as the work was done. has all required data. e injected before removed. has a fix time. eted in compile and test have fix numbers. adequately described.			
** ** ** ** ** **	Time data are Process step Time data are step. Interrupt time Time data are Times were reported to the process of the process	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. e corded as the work was done. has all required data. e injected before removed. has a fix time. eted in compile and test have fix numbers. adequately described. are consistent with description.			
***************************************	Time data and Process step Time data and step. Interrupt time Time data and Times were in the Times we	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. recorded as the work was done. has all required data. e injected before removed. has a fix time. red in compile and test have fix numbers. adequately described. are consistent with description. are consistent with phase injected. are assigned consistently.	Comments		
25 25 25 25 25 25 25 25 25 25 25 25 25 2	Time data are Process step Time data are step. Interrupt time Time data are Times were reported to the Process of the Process	e entered against the appropriately. e entered against the appropriate process e is tracked appropriately. e complete and reasonable. recorded as the work was done. has all required data. e injected before removed. has a fix time. red in compile and test have fix numbers. adequately described. are consistent with description. are consistent with phase injected. are assigned consistently.			

Grading Checklist - PSP 0

Consistency Checks

Comments

- Defects removed are consistent with compile and test phase time and program size.
 Total compile defect fix times are less than compile time.
- Total test defect fix times are less than test time.
- E Defect dates & phases are consistent with the time log.
- Planning summary is consistent with the time log.
- E Planning summary is consistent with the defect log.

General Comments

- ξ Followed the defined process.
- Complete, consistent and accurate process data collected.
- The student did his or her own work.
